

SONEAS

Formerly known as
ubichem
PHARMA GROUP

Information on changing the name of Ubichem Pharma Manufacturing Ltd. to SONEAS Chemicals Ltd.

We would like to hereby inform you that the corporate name of Ubichem Pharma Manufacturing Ltd. has changed to SONEAS Chemicals Ltd. (in Hungarian: SONEAS Vegyipari Kft.).

We would like to emphasise that in addition to the change of the corporate name, no changes have taken place that would affect the legal status of our company. The company carries on its operation with unchanged registration number and ownership structure.

Simultaneously with changing the name of the company, we also introduce new corporate identity in early October (website, logo, etc.) and we will officially inform you about this, after the introduction.

Considering the above, we would like to ask you to include our company in your orders, invoices and other types of business documents related to our company using the new corporate name. We would like to also inform you that the orders, requests for quotations and other types of business documents sent by us will also be issued using the new corporate name.

Should you require any other information regarding the name change, please contact our sales colleague Katalin Gerő at kgero@soneas.com.
